

The Prayer Letter

Hi,

While I was travelling this summer several people mentioned they would like to be able to pray more for us, the YEA team; and to do so intelligently. So with that in mind this newsletter will be primarily our personal requests and concerns. Before that, let me give a short work update:

This week the Youth Network conferences in Kampala ended and seem to have been very effective. Jonathan McKee from USA came over and did the training. He has 20 years youth ministry experience and it was excellent to have a fresh voice and new ideas.

Collin is currently attending the NAYNET conference in Nairobi but at the same time he is participating in a forum of discussion about youth ministry in East Africa which is being coordinated by the World Evangelical Alliance youth dept... (I know! It sounds scary)
I chatted with Collin on the phone last night and it sounds like it is a useful time.

Richard (Iganga) conducted training in Palissa last week and Eugene is heading over there today. Then Eugene will be up in Hoima and Masindi next week.

So to the prayer points:

- Collin would love us to be praying for the outcome of the recent conferences in Kampala. That this work will have a radical impact on the way our city youth workers do ministry. It is Ryans birthday soon!!!
- Nathan (Hoima) has been up in Northern Uganda doing Bible Study training with youth there. Please pray for his continued work in Hoima/Masindi with the Church of Uganda diocese and that he and Eugene will be able to do effective planning and dreaming when they are together.
- The training Richard (Iganga) carried out was in a new area for us. Pray that this work takes root and bears fruit. Also pray for Promise and Passion, as Richards wife gave birth recently to twin boys!
- Winnie is juggling a new job with "Straight Talk Foundation" alongside her work with us. Pray for a good balance in her work and play life. She has had a bad cold recently but is now well again.
- Eugene is requesting prayer for healing. He has a chronic stomach problem that comes and goes periodically and he would love to be free of this. Also his Grandmother is sick with cervical cancer and really needs your prayer cover.
- I am getting back into my "new" job with KIC and loving it. But need to be careful of a balance in roles and to get enough down time. Also I am planning two adventure camps for October so please pray for my creativity. Oh yes! I am preaching on Cain and Abel on 22nd September too.

So thank you so much for standing with us and will be writing again in October.
God bless!

Eugene at a training session in Iganga
