

THE PRAYER LETTER

“For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms”
Ephesians 6:12

I start with this verse to set the scene. Recently it has become clear to me that the Youthworx team has been under attack. I guess this should not be a surprise as at the same time God is opening new doors for us, we are engaged in a lot of very worthwhile work and we are getting clarity of vision for the future.

Our team morale is taking a beating, relationships are strained, money is tight and across the team we have noticed on going health issues. The devil is not being very imaginative, just irritating!!

So please start with a prayer request on behalf of all of us. Stand with us to end this attack and ensure all the great work ahead of us goes on as planned.

Collin:

- How best to engage all our partners in the work of YEA especially in prayer.
- Pray for us to discern who God wants in place as our new board chairperson.
- Pray for Hannington and family as they prepare to leave for their new adventure, starting life in Jordan.
- The recurrent health issues within the team.
- New work starting up in Palissa, Mpigi, Mityana and South West Uganda.

Eugene:

- Please pray for his family going through a rough period at present.
- Health issues. His Grandma is fighting cancer and he is having ongoing stomach problems.
- Lots of training in the next few weeks in Hoima and Masindi districts.
- For financial growth and stability.

Winnie:

- Wants to balance heavy work commitments with church and social life.
- Adapt to being independent with the challenges of rent and other stuff.

Nathan:

- Would like prayer for health issues and for his family.
- His work in Hoima covers a large area and he would appreciate prayer for all that God is doing in the youth over the great territory he is responsible for.

Richard:

- Please pray for his young twins and wife.
- The growth and impact of the YEA work he is engaged in Iduda and Palissa.

I personally would like to echo many of the requests above. Our team are doing a fantastic job under often difficult circumstances. Both Collin and Eugene are travelling extensively for up country training and this can take its toll on health and energy levels when using our wonderful African roads!

I also would appreciate prayer for a good balance of work in my various roles and adjusting to being Kampala based.

Please also pray for our up coming team day and Board meeting.

Finally please pray for the wonderful youth of KIC I now have the privilege to pastor. Many are doing exams and some are beginning to prepare to leave Uganda next year.
